### USED NAME OF LOCAL FIRM ON FORGED CHECK

Pair of Strangers Operate in Good Hope Neighborhood Yesterday and Succeed in Making Large Sales on Strength of Check Alleged to Bear Name of Craig Brothers, But Which Was Never Issued by That Firm.

What is said to be an old hoax, with some new features, was sprung in the Good Hope neighborhood Thursday, when a man and woman, representing themselves as husband and wife, claiming Toronto, Canada, as their headquarters, went among the citizens of that locality disposing of goods in a somewhat novel manner.

It is claimed that the couple, in order to establish themselves into the good graces of the citizens of that locality, flashed a fake check, purporting to be signed by Craig Brothers, calling for \$300, and claiming that they had sold an order of goods to Craig Brothers amounting

to \$300 and that the price made to Craig Brothers was the same as offered to Good Hope citizens.

As a result of the scheme it is claimed that the couple disposed of a large stock of goods, one citizen purchasing \$35 worth, believing that they were securing splendid goods at prices charged the local dealers.

The attention of Craig Brothers was called to the matter and an investigation is on foot, and if the parties are found and the fact well established that they displayed a check alleged to be from Craig Brothers, some interesting results may come from the affair.

When seen Friday morning members of the firm stated that no such order of goods had been purchased, and consequently no check issued.

The scheme, while somewhat frayed about the edges, has some new features and adjoining county authorities may have an opportunity to nab the parties if fake checks are displayed and the same scheme worked as above described.

### TO HAVANA DIAZ TURNS

By Associated Press.

Vera Cruz, Oct. 31.—Gen. Felix Diaz and his companions put to sea today aboard the American battleship Michigan, to which they had been transferred by Rear Admiral Fletcher, from the Flagship Louisiana. The course of the Michigan was laid for Havana. No public announcement of the departure of the fugitives was made and friends of Gen. Felix Diaz on shore were unaware that he had left. Two German warships, the Hertha and Bremen are now in this port. The Bremen has just arrived from St. Thomas.

Gen. Felix Diaz and his party are bound to a point off Progresso, Yucatan, where they will be transferred to a New York and Cuba mail steamer. This intimation reached the Navy department in a dispatch from Rear Admiral Fletcher. The battleship Michigan carrying the refugees, should reach Progresso tomorrow.

### WILSON AND MOORE UNRAVEL MEXICO

By Associated Press.

Washington, D. C., Oct. 31.—President Wilson and Counselor John Bassett Moore, of the State Dept., discussed the Mexican situation today at length. As most of the members of the Cabinet were away, there was no session of the Cabinet. Since the President will go to Princeton, N. J. to vote next Tuesday, it is not likely that any plan of action will be discussed at a Cabinet meeting until the last of next week. Mr. Moore did not discuss his talk with the President.

### MONTEREY IS RELIEVED RAILWAYS ARE RUINED

By Associated Press.

Mexico City, October 31.—The rebel force which for several days had been attacking Monterey, has been driven from the vicinity of that city, according to private and railroad telegrams received at the capital. Seven hundred Federal troops under Generals Tellez and Maas, reached the city today after a nine days' trip from Laredo. The first accurate description of destruction of railroad property by revolutionists at Monterey, which reached the officials of the Mexican National railway here yesterday, shows that 657 freight cars, three passenger cars and 17 locomotives were consumed, and that 17 freight cars were partially burned. The shops, machinery and round house of the Old Mexico Central railway were destroyed. Many of the cars burned were loaded with merchandise. No estimate of the money loss, railroad men said, is possible.

### FOOD AND COAL SUPPLY SHORT

By Associated Press.

Wellington, New Zealand, October 31.—A shortage of food and fuel with its accompanying privations for the poorer classes, is beginning to be felt throughout New Zealand, as the result of a general strike of coal miners and dockers. Work has ceased in most trades in every portion of New Zealand. In Wellington and Auckland, the two principal cities, continued rioting has brought about the landing of bluejackets from British warships to assist in preserving peace. The bluejackets are assigned primarily to protect the men loading fruit in vessels at the docks and to see that passengers are allowed to embark and land from steamers without molestation.

### REBS TORTURE 47 POLICEMEN

McDowell, of Chicago, who read the report, asked that it be accepted without debate so that the spirit of the message would not be destroyed. Murphy, leader of Tammany Hall, was among the witnesses cited to appear late today in the so-called "John Doe" proceedings under the charges of corruption against Tammany. The investigation was instigated by John Hennessey in recent speeches in behalf of the Fusion ticket in the mayoralty campaign. Every person whose name has been mentioned, is apt to be called, it is said.

### SNEEZE, COUGH OR LAUGH IS FATAL

By Associated Press.

It leaked out today that she made a tour through the big government printing office yesterday without revealing her identity and thought the women workers did not have sufficient space in the recreation or rest rooms. She is said to have urged the President to help improve conditions.

### WILL OPEN MITTEN FACTORY IN ILLINOIS

New Factory Employing 200 Persons, With Fred Springer in Charge, Opens at Marion, Ill., Early in March.

NEW CONCERN IS THE  
GEO. INSKEEP MFG. CO.

Local Concern Now Has Big Plant Here, One in Springfield, and Will Soon Have Third Ready to Turn Out Tens of Thousands of Pairs of Canvas Mittens and Gloves.

The Inskeep Manufacturing Co. has completed arrangements for the starting of another factory, similar to the one in operation here, at Marion, Ill.

Mr. Frank Jackson, of the firm, has just returned from Marion and is well satisfied with the business outlook there.

The company would have preferred starting another factory here, or increasing the capacity of their present plant. Two factors, however, led to

the location in Illinois—the more advantageous labor laws of Illinois and the difficulty in securing help in this city.

The contracts have been let for the building in Marion, which will be 60 feet by 100 feet long, three stories and a basement.

It will be ready for occupancy by the first of March and at that time the company will begin operations and proceed to employ help as fast as it can be educated until it reaches a force of 200.

Mr. Fred Springer, who sold his bookstore Thursday, will take the management of the factory and some experienced workmen will also be taken from here.

In the meantime the Inskeep Mfg. Co. expects to continue the operation of the present plant here and also the one owned in Springfield, and run them at their full capacity.

The company is composed of Messrs. George Inskeep, George Jackson, Frank Jackson, Glen Woodmansee, Dr. Geo. S. Hodson. It is one of the strong business corporations of Washington.

By Associated Press.

Boston, Mass., Oct. 31.—The bringing of a suit against Governor Foss for \$100,000 for alleged slander was announced today by James M. Morairty, former President of the Boston Central Labor Union. The suit Mr. Morairty said was based on a statement signed "E. N. Foss" which appeared this week in a Boston paper, in which Morairty was denounced for participating in a strike of employees in factories controlled by the Governor.

Funk, today linked the name of Edward Hines, the lumberman, with that of Donahoe. The witness was Edwin W. Deuter, a bell boy, who testified that he was hired by Stiefel and Donahoe to give false testimony against Funk in the alienation suit brought by John C. Hennessey. Deuter testified as to conversations held in Donahoe's office and elsewhere.

### CLAIMS DYNAMITE CARRIED INTERSTATE

By Associated Press.

Chicago, Ill., October 31.—In answer to a request of the court that the government show proof that 50 of the dynamites convicted in the McNamara dynamite plots especially intended and did carry explosives on passenger trains, District Attorney C. W. Miller of Indiana today argued before the United States Circuit Court of Appeals that in every instance in which details of a dynamiting had been shown, the dynamite had been carried interstate on passenger trains. The record showed at least 50 such instances and there was no evidence of any explosion, the dynamite for which had been transported in any other manner. The argument will end today when the court will take the appeal under advisement.

# WILSON AWAITING ELECTION REPORT

## HUERTA'S MOVE IN MEXICAN ROW

Must Show What He Intends to  
Do About the Late Election.

### WILSON PLAYS WAITING GAME

Impression Growing That the Situation Can Not Be Controlled by the United States Without Either the Actual Use of Force or the Threat of It—Steps Taken to Protect the French in Mexico.

Washington, Oct. 31.—President Wilson does not intend to commit himself to any procedure in Mexico until the Mexican government has shown what it intends to do about the elections last Sunday. In this stand the United States is in full accord with the European governments, all of whom are awaiting the result of Sunday's voting, and the delay of President Wilson's promised information regarding the American policy will be perfectly understood by the powers, which have been requested to defer action until the United States is heard from.

That the United States government will be found acting in Mexico entirely independent of other nations was the authoritative statement made here. While there is nothing which could be dignified by the term of serious friction between the United States and Europe in regard to Mexico, there is not now any co-operation. President Wilson is determined to retain for the United States its traditional leadership and domination in the political affairs of this hemisphere. The United States government is not consulting with the other

powers regarding Mexico, but is merely keeping them informed.

The impression is daily growing stronger that the Mexican situation can not be controlled by the United States without either the actual use of force or the threat of it. Should Huerta declare that there has been no president elected and remain in power, there is no question but what the hostility of the United States toward him will be increased and efforts made to eliminate him. There is no doubt but any use Huerta may make of Sunday's elections will be unsatisfactory to President Wilson.

Steps were taken toward meeting the request of the French minister at Mexico City for protection to French citizens reported in danger at San Ignacio, in Lower California. Rear Admiral Cowles, commanding the American squadron on the west coast of Mexico, was instructed to send a ship from Guaymas to Santa Rosalia, the port nearest San Ignacio, for the purpose of taking such steps as may be necessary for the protection of the French.

### PREPARING FOR FLIGHT

Americans in Mexico Packing Their Portable Belongings.

Mexico City, Oct. 31.—With the election of General Victoriano Huerta and General Aureliano Blanquet almost a foregone conclusion, the next move of the American government is awaited here with no little misgiving. Many Americans have already packed their portable belongings, preparatory to flight, and are facing the necessity of leaving their household effects to fate. They express little hope of finding anything left upon their return. The inadequate storage facilities are already overtaxed, and most of those who contemplate flight expect to leave their homes in charge of Mexican caretakers as the only alternative.

Minister of Foreign Affairs Moseno asserted that in the event of congress finding that a majority of the votes were cast for Huerta and Blanquet, the votes cast for Huerta would be declared void by reason of his ineligibility under the constitution to succeed himself, and Blanquet would assume the vice presidency and the acting presidency, pending the calling of new elections.

### Troops Ordered to Border.

Chicago, Oct. 31.—Five troops of the Fifteenth United States cavalry, now stationed at Fort Sheridan, have been ordered to the Mexican border. This move is one of the army routine and not a war move, according to Colonel David J. Baker, acting adjutant. "There is a general shifting around of troops once in a while," said Colonel Baker. "If there was a chance of intervention the authorities probably would leave the troops who have become familiar with the border at their posts, to be ready if needed."

## DEMOCRAT URGES A COMPROMISE

Would Combine Central Bank Idea  
With Regional Reserve Plan.

### IS WORKING OUT THE DETAILS

White House Report Has It That the President Will Oppose a Currency Bill That Carries a Reduction of Any Considerable Number of the Regional Reserve Banks—Doings of the Senate Committee.

Washington, Oct. 31.—An unexpected turn was given to the consideration of the currency bill in the meeting of the banking and currency committee of the senate, when Senator Reed (Dem., Mo.), came forward with a suggestion of a compromise system which will combine the central bank idea with the administration regional reserve plan.

Immediately the Republican members of the committee showed an interest in the matter and appeared to favor it. Senator Hitchcock, the lone Democrat in the committee who has stood out for the central bank idea, also expressed the opinion that the Reed plan might become an important matter to be carefully considered if there is insistence on a larger number of regional reserve associations than is now contemplated by the banking and currency committee. The compromise plan was approved by some of the members of the committee on the theory that it would make possible the 47 regional reserve banks and in that way would work no disturbance in reserves as they are now held under the present system.

One suggestion that has been given consideration is that the public and banks be admitted to participate in subscriptions to the regional reserve stock on equal terms, each to have an equal voice in the management of the reserve subscriptions.

Reports came to the committee from the White House that the president would oppose a bill that carried a reduction of any considerable number of the regional reserve banks authorized by the house measure. It was said the president made it clear to his friends that he would look on a considerable reduction of the number as an evasion of one of the fundamentals of the bill.

## MERCY, WHAT A THRILLING AFFAIR

Rutherford, N. J., Oct. 31.—Rev. Dr. Richard Earle Locke, pastor of the First Presbyterian church here, may be forced to tell the governing body of the church his whole life history and to prove himself innocent of the charge made against him by a woman whose story has thrown this town into a flurry. Mrs. Vashta Dalton, actress, writer and Klondike explorer, told here during the past month that she has a son 14 years old in Paris and that Dr. Locke is his father. There are two factions in the church. One believes the pastor and the other doesn't. Dr. Locke denied Mrs. Dalton's story in vigorous language.

## Great Artists and Vaudeville

This week Fritz Scheff, the brilliant, fascinating opera singer, is charming great audiences in Keith's Vaudeville Theater in Cincinnati.

But a few weeks ago, in the same city, David Bispham, by many considered America's greatest baritone, came back again and again to the recalls of a Keith audience. Minnie Maddern Fisk, holding a distinctive place in the world of great actresses, Ethel Barrymore, and others, leading stars of the theatrical firmament, have given their talent for at least a short time to the vaudeville stage.

Opinions differ as to the effect that this apparent lowering of standards has upon the artists and upon the people.

The greatest lover of vaudeville can hardly place it with legitimate drama nor expect quite the same high tone from its artists. Yet the day has come when names of leading artists are headlined in high class vaudeville theaters.

Does this cheapen the artist or does it raise the standard of the vaudeville? Incongruous it certainly seems to associate the David Bispham of the Oratorio with the David Bispham who takes his turn with monologist, clever trickster and the tango dancer of a mixed vaudeville program.

Incongruous it also seems to think of Mrs. Fisk, immortal in the roles her genius has perfected, sandwiched in between a trained elephant performance and a rollicking song and dance.

Inharmonious many of these artists seem, with the light gaiety of the vaudeville entertainer, even although there have been wonderful upward strides in the vaudeville theater and its stars command the highest prices and its patrons include the cultured and the intellectual.

But some way there are a few artists who seem on a plane all by themselves and who must move out of their accustomed orbit to win vaudeville plaudits.

Taking another view point, the vaudeville theater is the people's theater. Hundreds who might never have heard the famous singers or witnessed the wonderful acting of a Fisk or a Barrymore have through vaudeville been able to enjoy these artists. To be sure they have not heard or seen them in the settings which most fully bring out their talent, but the pleasure has been great.

If it is true that a sufficiently large proportion of vaudeville theater goers are unable to pay the price demanded by other theaters, and find their sole opportunity of hearing world famous artists through the medium of the vaudeville, then there is much to be said in its favor.

If, on the other hand, the large percentage of vaudeville patrons prefer the constantly changing acts and the novelty of that entertainment, regarding the genius as but one of the evening's performers, is it worth the sacrifice of the legitimate drama?

Is it worth taking away a singer or an actor from artists who cannot enjoy his genius in the vaudeville turn as in the concert program or the drama?

All this, of course, entirely a side issue from the fact that vaudeville pays such magnificent salaries that even the great are tempted!

## Farmers Alone Can Rescue us From Impending Meat Famine

By GUSTAV BISCHOFF of St. Louis, President of the American Meat Packers' Association

UNLESS the farmers of the United States are educated at once to the necessity of raising cattle a period of national decline will set in within the next ten years. PORTERHOUSE STEAK WILL BE SOLD AT ONE DOLLAR A POUND, and the American workingman will begin to lose initiative and take on the characteristics of the rice eating Chinese.

THE FARMER SOON CAN BE MADE TO REALIZE CONDITIONS, AND THE SERIOUS SITUATION CONFRONTING THE COUNTRY CAN BE OVERCOME BEFORE ONE DOLLAR BEEFSTEAK BECOMES A REALITY.

Within the last ten years the percentage of decrease in the cattle supply has been large. If this decrease continues at the same rate during the next ten years CALAMITY WILL FOLLOW.

WE MUST STOP ENCOURAGING THE FARMERS OF FOREIGN COUNTRIES TO RAISE CATTLE TO SHIP TO US. WE MUST, RATHER, ENCOURAGE OUR OWN FARMERS TO DEVOTE THEMSELVES TO THE CATTLE RAISING INDUSTRY. OUR FARMERS SHOULD BE TAUGHT THAT THEY CAN PROFITABLY ENTER THE MEAT RAISING BUSINESS

# CLAIM FREIGHTS FAIL TO OBSERVE LAW AT CROSSING

Physicians Detained at North Street B. & O. Crossing While Responding to Hurry Up Calls and Strong Protest Arises Against Blocking of Crossing for Undue Length of Time.

The detention of Dr. G. S. Hodson at the North Street B. & O. crossing, for a half hour, when he was responding to a hurry call from the bedside of a dying woman, has brought to light a serious condition of affairs which, it is claimed, has existed for some little time, and which residents of the B. & O. crossing neighborhood claim are growing worse instead of better.

For several days, protest against train crews holding the crossing for longer than the time specified by law has been increasing, and many persons claim to have waited from ten minutes to 20 and even 30 minutes while the freights held the crossing and refused to "cut the crossing" when demands were made.

Wednesday night shortly before nine o'clock, Dr. Hodson received a call to the bedside of Mrs. Clara Underwood, who resided at the intersection of the Jeffersonville pike and

the Prairie pike. The message stated that she was in a very critical condition and implored the doctor to make all haste in reaching her bedside.

When he approached the railroad crossing on North North street he discovered that it was blocked by a freight train. He waited for several minutes with the expectation that the crossing would be "cut". After from five to ten minutes had elapsed, according to Dr. Hodson's statement of the matter, notice was taken of the time consumed before the freight left the crossing free, and it was all of thirty minutes, notwithstanding that he had repeatedly urged members of the crew to cut the crossing, as his call was most urgent, his patient hovering between life and death. She died before Dr. Hodson arrived.

Thursday Dr. Jenkins was delayed 10 minutes while responding to a call, and upon his return was delayed 20 minutes while the crossing was blocked.

Others have met with almost the same experience, and are clamoring for immediate relief. Arrests are expected at any time unless the crossing is kept free and traffic is permitted to continue on the street without undue delay.

## MARRIED BY JUSTICE

Clarence Cartier, 22 years old, a farmer of Cooks' Station, and Cecil Hays, 19, of near Painesburg, were granted a license to wed Thursday evening, and were married at the probate judge's office by Justice Craig. It was the third time Justice Craig repeated the marriage ceremony Thursday.

## How to Take Good Care of Your Hair

Nothing spoils your good looks so much as homely hair—stringy, dull-colored, harsh. Nothing adds to good looks so much as beautiful hair—soft, silky, wavy and glossy. No matter how beautiful your hair is now, you can improve its good looks by using Harmony Hair Beautifier. If your hair is homely and ugly now, Harmony Hair Beautifier will make it softer, silkier, glossier, more beautiful in every way. It also makes it easier to put up and helps it to "stay put." Its rich rose odor hides the unpleasant, oily smell of the hair. Harmony Hair Beautifier is rightly named; it beautifies the hair.

Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet-smelling cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made.—Blackmer and Tanquary, Washington C. ## Young Girl Disappears And No Trace Is Found

Myrtle Judy, the 14-year-old daughter of D. T. Judy, of Dayton, formerly of this county, has disappeared from her home and an extensive search has failed to disclose her whereabouts.

The child has been missing for over two weeks, and the police of many towns are searching for her, but so far not a trace has been found. At the time the child disappeared, a girl by the name of Irene Miller also disappeared, and it is supposed they went away together.

The girl's father and mother are divorced, and it is said the mother now lives in Greene county, and claims she has not heard of the girl, but believes she has been sent to a certain town to prevent her coming to see her mother.

The child left this county with her father some two or three years ago, following the separation of the father and mother.

## Found Unconscious Had Empty Bottle

While a resident of Millwood was on his way home Thursday night he stumbled over the body of a man who was lying face downward in the mud on Lakeview avenue.

The man summoned assistance and later called Officer Bell and Baughn, who piled the unconscious man into a rig and hauled him to the jail. A bottle containing a small quantity of whisky told the story.

The man was in a very bad condition, and if he had not been discovered during the night would probably have frozen to death.

It was not until the man had slept off the effects of the intoxicant that he could give his name—Clint Bowman, of southern Fayette. He stated that he had come to this city to purchase a stove, and that was all he could remember.

## In Social Circles

MISS FLORENCE USTICK, SOCIETY EDITOR

Mr. and Mrs. J. Starr Smith and daughter, Miss Dorothy, entertained Thursday night with a brilliant "500" party.

Ten tables of players engaged in a spirited game, the trophies, a beautiful corsage bouquet of white roses, and pearl shirt studs, being won by Mrs. H. C. Anthony and Mr. Frank D. Bradley.

Immense yellow chrysanthemums adorned the rooms, and an array of elaborate evening gowns added vivid color.

Mrs. Smith was wearing a handsome gown of plain black velvet and bellotrope brocaded velvet, trimmed with fringe.

Miss Smith was looking very pretty in white crepe de chene with over drapery of white lace, spangled with rhinestones, and corsage of pink roses.

A delicious collation followed the game.

Hallowe'en suggestions were in the pretty tally cards with cats, pumpkins and witches.

Assisting in the hospitalities were Misses Bess Kerr and Jean Palmer.

The home of Hon. and Mrs. J. M. Willis was the scene of a beautiful Hallowe'en masquerade Thursday night, when Miss Gretchen Willis entertained sixteen couples of the young set.

A ghost received at the door and ushered the guests into rooms dimly lighted with pumpkin lanterns and the atmosphere weird and spooky.

Harlequins met the guests at the top of the stairs and throughout the entire evening the arrangements were entirely along Hallowe'en lines.

The grand march formed at eight o'clock, Miss Dorothy Fullerton playing a spirited march. The parade, as viewed in the dim light, was fantastic and picturesque. Marching along amicably together were black-eyed Susans and the devil, witches and clowns, the new and old-fashioned school girl, Mrs. Pankhurst and "Lord Pankhurst," nuns and jesters, and other cleverly gotten-up maskers. After the grand march the evening was merrily spent in dancing and a variety of amusements.

In a contest to see who could make the most words out of "Hallowe'en," Miss Edith Worthington and Paul Strevey won the prizes, boxes of candy. Cider was served all evening and an elaborate Hallowe'en lunch.

Assisting the young hostess were Mesdames J. M. Willis, Virginia Willis, Scott Hopkins, Wm. Parker, of Bloomingburg and Doris Willis.

The guests were Miss Kathieen Parker, Dorothy McDowell, Robert Kinkaid, Selsor Parker, Bloomingburg, Kathleen Davis, Ruth Reid, Edith Worthington, Dorothy Rogers, Katharine Foreman, Pauline Adams, Ruth Brownell, Doris McFadden, Ruth and Nell Cissna, Aileen Hess, Louise Arehart, Melba Hegler, Aloysius McDonald, Robt. McFadden, Sherman Erownell, Edward Hopkins, Renick Allen, Howard Harper, Orland Hays, Paul Wood, Kenneth Kerr, Mercer Hufford, Howard Gregg.

Misses Winona DeWitt and Louise Greiner entertained thirty-six girls and boys with a very elaborate Hallowe'en party at the home of the former's parents, Mr. and Mrs. Frank DeWitt Thursday night.

The home was attractively decorated Hallowe'en fashion, of which a pretty feature was the crepe paper pumpkin faces which shaded the lights.

All kinds of Hallowe'en amusements were enjoyed, Frank Thornton winning a black cat with its head stuffed with nuts, in a "nut contest."

The merry crowd sat around a big table, cleverly decorated for a bountiful Hallowe'en lunch.

Mrs. Frank DeWitt assisted in the hospitalities.

Miss Ruth Junk, of Plano; Messrs. Ware and Hutton, were out-of-town guests.

Miss Frances Blackmore added another jolly Hallowe'en party to the number of affairs Thursday night.

It was typically Hallowe'en in every way and eight couples of young people were indebted to their hostess for a royal good time. The crowd toasted marshmallows, roasted chestnuts, unwound the strings of a great spider web to find their fortunes at the end of each string and finally finished the evening by having their fortunes told by a real live fortune teller.

The best of Hallowe'en lunches was served, Mrs. Jess Blackmore assisting her daughter.

Mrs. John A. Worrell hospitably entertained the Friday Auction Bridge club.

Doris and Robert McFadden are visiting their cousin, Harold Mark, near Selden.

An appointment of much interest to Washington friends is that of Mrs. Lionel Maynard Brown (nee Myrtle Thompson) as chairman of the educational board of the Young Women's Christian Association of Jersey City, N. J. Mrs. Maynard Brown was successfully engaged in settlement work in New York and Brooklyn before her marriage and is particularly fitted for the appointment.

Mrs. Lula MacBeth came over from Dayton Sunday and spent the first of the week with her son Ray and family and other friends, went back to Dayton today.

Mrs. Conrad Schweitzer charmingly entertained two tables of Bridge this afternoon in compliment to Mrs. John I. Cassidy, of Washington, D. C. Killarney roses were used in decoration.

Mr. Lester Flax has returned from a two weeks' visit in Lima and Wapakonetta.

Mr. and Mrs. Robert Pinkerton are visiting friends in Bainbridge.

# BEAUTIFUL "WINGED VICTORY" IS TRIUMPHANTLY INSTALLED

Splendid Specimen of Classic Art is Placed in the New High School Building.

CHERISHED AMBITION OF  
SCHOOL IS NOW REALIZED

Handsome Statue, A Monument To The Ambition of Class of '12 and Glee Clubs, Occupies Prominent Place in Art Gallery and is The Pride of Both Teachers and Pupils.

The dearest ambition of the class of 1912 of the Washington High School and the Glee Clubs of the same year was realized Wednesday, when the wonderful "Winged Goddess of Victory" a triumph of the finest sculpture of the ages, was installed in the magnificent new school building, a permanent monument to their memories.

It has been the wish of many former Freshmen classes to add this

statue to the High School's art gallery, but the expense involved prevented the purchase.

The Senior class of 1912, James Ballard president, combined with the 1912 Glee Clubs, Miss Prudence Culhan, manager of the Girls' club, Maynard Craig of the Boy's club, and made a strenuous campaign with the ultimate object in view of purchasing the "Winged Victory."

The purchase was not made until the statue could be installed in the new High School building. It was ordered from the art store of P. P. Caproni Bros. in Boston, Mass.

The beautiful statue showing the glory of Greek art of past centuries, guards the entrance to the auditorium at the top of the wide flight of marble steps and is the crowning beauty of the splendid large hall.

The perfection of this piece of sculpture must be seen to be appreciated.

Nike, the Winged Goddess of Victory was designed to commemorate a naval victory of one Demetrius Felleocetes. Twenty-two centuries ago the statue stood in the lovely island of Samothrace. Unfortunately the arms and head are lost, but by means of certain coins of Demetrius we know that her right hand held a trumpet to her lips and in her left hand there was some trophy of triumph. The 118 fragments in which it was found in 1863 by M. Champoisean, then French Consul to Greece, have been put together, and this priceless statue of Parian marble now stands midway of the Louvre in Paris. The beauty of the Victory of Samothrace, the strength and womanliness of the figure, the marvelous drapery, are prized as one of the finest examples of classic art.

The greatest sculptor of modern times made a head for "Nike" but found that it detracted from the beauty, spirit of progress, victory, youth and indomitable courage of the statue rather than adding to its beauty.

The statue is life sized, an imitation of old ivory and stands on a four foot pedestal of old ivory. A brass plate on the pedestal bears the inscription "Glee Clubs and Senior Class of 1912."

The High School management extends a special invitation to all former pupils of the High School to visit the statue.

The High School Art Hall is in itself a liberal education to the stu-

dents as well as a stimulant to their love of the beautiful.

On the walls of either side of the hall are hung the fine art works first purchased by the Freshmen class of 1901, Miss Margaret Fullerton, president. This picture was "The Parthenon."

The Freshmen class of 1902 choose "The Coliseum, 1913 "Persepolis," class 1904 "Napoleon Before the Pyramids," class of 1905, "End of Day," 1906 "Sir Gallahad," 1907 "The Pilgrims Going to Church," 1908 "The Chariot Race," 1909 "Captive Andromache," 1910 "Washington Crossing the Delaware," 1911 "Frieze of Aurora."

Each picture has been chosen with great care and the selection is one highly creditable to the Freshmen classes and their teachers.

The 1914 Senior class has under consideration an addition to the artistic decorations of the auditorium.

Columbus, O., Oct. 31.—Coincident with announcement of the program of the temperance workers who meet here Nov. 10, the fight against the general officers of the Anti-Saloon league and their policies, waged intermittently for several years, will be renewed by Rev. U. G. Robinson, Baptist minister and Prohibitionist editor of St. Louis.

Literature detailing the alleged wrongful influence of P. A. Baker, superintendent, and other members of the board of trustees of the league, has been received here. According to statements of representatives of the opposition here, 10,000 copies of the protest against Superintendent Baker and his employees have been mailed to

church members in Columbus. It is said that next week the propaganda and an effort will be made to prevent convention meetings in churches until some reorganization is effected.

Dr. Samuel Dickie, president of Albion college, in a signed statement declared the Michigan state superintendent of the league, G. W. Morrow, refused to assist in a county option election unless paid \$3,000. He alleges further that Superintendent Morrow tried to colonize voters, through a detective agency, to prevent the efforts of the local committee being successful.

One of the charges which will be placed before the convention is alleged misappropriation of funds and property by the incorporators of the Anti-Saloon League of America.

## Don't Trust Calomel

Thousands Experience Bad After Effects From This Dangerous Drug.

A Safe Vegetable Substitute is Dr. Edwards' Olive Tablets for the Liver.

Dr. F. M. Edwards, a prominent physician of Ohio, has discovered a laxative and liver toner in a combination of vegetable materials mixed with olive oil, which is in effect almost exactly like calomel, except that there are none of the bad after effects.

Dr. Edwards has long been a foe of calomel, though he recognized its value along with its dangers. His distrust of the uncertain drug eventually started him, years ago, towards experiments with the view of discovering a substitute, and he has been for several years in possession of the long-sought-for combination, which is in the shape of a little sugar-coated, olive-colored tablet.

The results of 7 years' experience and practice are embodied in these marvelous little tablets. They are called Dr. Edwards' Olive Tablets. And their effect on the liver has been the means of relief to many of Dr. Edwards' regular patients as well as to thousands of others who have suffered and were afraid of calomel.

There is no necessity, when you take Dr. Edwards' Olive Tablets, by following them up with nasty, sickening, griping salts, or castor oil, as you do after taking calomel. Try them. 10c and 25c per box. The Olive Tablet Company, Columbus, O. advt

## BUSINESS MEN WERE WARNED

### VANDERLIP AND HILL TALK TO BANKERS

### Currency Bill and Railroad Financing Their Themes.

Chicago, Oct. 31.—James J. Hill and Frank A. Vanderlip, speakers at the banquet that closed the convention of the Investment Bankers' Association of America, each sounded a "note of warning" to the business interests of the country.

Mr. Hill, whose subject was "Railroad Financing of the Future," declared that "the country is waterlogged with bonds. Confidence can not be restored," he said, "until the name bond has won back something of its old standard." Mr. Hill said that timidity on the part of financiers is allowing a business recession to develop.

Mr. Vanderlip said that congress is in danger of saddling on the country a ruinous policy of fiat money. The senate, he said, is hesitating and fearful of doing anything against the wishes of the house. Mr. Vanderlip, speaking of the pending banking legislation, said:

"The fatal defect of the Glass bill is that it starts the country on an issue of fiat money. The notes proposed are fiat notes. They have no reserve whatever provided by the government and they are to be lent without limit to a number of bank."

## Mrs. W. W. Lake

Tells Others How to Get Strong and Well.

Mrs. W. W. Lake of Aberdeen, Miss., says: "The grippe had left me in a weak, run-down condition from which I suffered for some time. I tried different remedies but nothing seemed to do me any good until I took Vinol, from which I received great benefit. My cough is almost entirely gone and I am strong and well again, and I am glad to recommend Vinol to others who suffer as I did."

Mrs. Lake's recovery was due to the combined action of the medicinal elements extracted from cods' livers—combined with the blood making and strength creating properties of tonic iron, which are contained in Vinol, and her cough disappeared as a natural result.

We guarantee that Vinol will do all we claim and will pay back your money if Vinol does not satisfy you. Blackmer & Tanquary, Druggists, Washington C. H., Ohio.

## Fine Exhibits of Virginia Products

A fine exhibit of Virginia farm produce can be seen at the Jones second hand store on Fayette street, and the display is attracting no little attention among local citizens.

The exhibit is made by the C. & O. railroad company, and from it a good idea of what is produced in "Old Dominion" may be gained.

The C. & O. is one of the principal roads passing through the district from whence the farm produce came, and the road annually expends large sums in calling attention to the fine farming community in Virginia. A great many farmers have located in the right agricultural region, and have greatly enlivened agricultural operations in Virginia.

#### ACCUSES HUSBAND

OF MANY OFFENSES.  
In her petition for divorce, filed in Probate court through U. G. Creamer, of Jeffersonville, Stella Allen accuses her husband, W. Frank Allen, of numerous offenses, including cursing her, striking her with a buggy whip, hitting her with his fist, dragging her from bed and threatening her in various ways.

The couple live in the Bookwalter neighborhood, and were married May 26, 1906. Three children were born to them, one dying when it was six weeks of age.

On October 24, 1913, according to the petition, Allen came home from Bookwalter about eleven o'clock at night and ordered her to get out of bed and put up his horse. It was then he dragged her from bed when she refused to do so.

The plaintiff also asks alimony, and that the defendant be restrained from interfering with her.
